

## **Vestry meeting/May 20, 2018**

### **Junior Warden Report**

#### **Doors**

Double doors on the South side of the large parish hall will start replacement on May 21<sup>st</sup>.

Breeze way door has been measured, paid for and ordered. Waiting on order to arrive at Home Depot then Shadow construction to schedule door replacement.

#### **Labyrinth**

Irrigation to the labyrinth will cost app. \$1100.

Solution until irrigation and landscaping are planned. One is to place a border edge approximately 8" deep around the labyrinth, cover with grass deterrent paper/mesh and place river rock or leave as is and the Holy mowers will cut grass as they feel is safe. At minimum, dirt needs to be filled in around low areas of the labyrinth first.

#### **Filters, lights and ballasts**

Will be repaired/replaced during summer months, around the summer programs

#### **Grubby Sunday**

Have a grubby Sunday in August to include congregation with small repairs, cleanup, window washing and Murphy oil the pews, etc. Provide hot dogs, chips and drinks for participants.
