

## **Reports June 2024**

### **Junior Warden Report June 2024**

This past month I obtained 3 quotes for the repair/replacement of the parish hall roof; these were submitted to the senior warden and DJ. I fixed the door in the nave on the Gospel side; the strike plate needed to be lowered for the door to properly latch. Finally, this past weekend we discovered a problem with the sprinkler system in the memorial garden. I have turned off the water to the sprinkler systems until repairs can be made. I have contacted Oscar Lugo to make these repairs this week.

Rick Schulz

### **Senior Warden Report June 2024**

Photos of St. Martin's VBS on social media show our youth taking responsibility and enjoying leadership. Our younger folks are excited that one day they can be "one of the big kids and help run VBS." These are the vestry members of the future.

Outreach Week will see folks of all ages head to 4Saints to help with work there.

Construction on our campus is slated to begin soon, and as with any construction project, it will be dusty and aggravating and inconvenient before it is amazing and beautiful. The potential for new life in our new parish hall spaces is immense, and it makes way for new space and new life in our nave.

Signs of life are all around us. Thanks be to God!

Respectfully submitted, Mary Beth Butler

Senior Warden

### **Rector's Report – June 2024**

*The Rev. Alan D. Bentrup*

### **Pastoral Care Updates**

- **Baptisms** in May: 0 (Total in 2024: 4)
